

DAWID PIECH

Front-end developer

Front-end developer with over a year of experience in building web applications using **Javascript, HTML/CSS, and React.js**, as well as applications based on the **Wordpress platform**. I also have experience in writing **API interfaces** and extensive **knowledge of database** design and management. I work on a daily basis with both **technical and non-technical teams**, along with **business clients** in an **international environment**. Currently, I am seeking new challenges and development opportunities, particularly in the e-commerce industry.
